### Product Features

AmeriSciences OS2 presents a unique blend of micronutrients, antioxidants and omega-3 fatty acids, all carefully formulated and compounded into one single product that features a convenient, safe and easy-to-swallow softgel.

### Key Ingredients

- **Lutein & Zeaxanthin** are antioxidants found in the retina. Studies suggest they are involved in the protection of eyesight and may help improve vision.*
- **Omega-3 Fatty Acids (EPA & DHA)** play an important role in decreasing the symptoms of occasional dry eyes and protection of the retina.*
- **Alpha Lipoic Acid** has been extensively researched for its ability to help protect vision and maintain healthy blood sugar levels.*
